Paper Plate Racoon Mask

For this craft, you will need:

- A thick paper plate
- 2 rubber bands
- Black marker
- Scissors
- Pencil
- Disposable Face Mask (Blue is fine but white works best)
- (Optional) Hole Punch

Follow the provided instructional pictures to make a fun raccoon mask!

Step 1: Start out by marking out the template of the mask as shown.

Step 2: Color in the raccoon face and punch out the holes for the eyes and ears.

Step 3: Cut out the mask and attach the rubber bands to the ear holes. Draw a nose and mouth to your face mask. If you don't plan on wearing it in public, then extra points if you cut out a hole to stick out your tongue!
